

WORK PLACEMENT OPPORTUNITIES 2018 at ILL

The Institut Laue-Langevin ([ILL](http://www.ill.eu)), situated in Grenoble, is an international research centre at the leading edge of neutron science and technology. As the world's flagship centre for neutron science, the ILL makes its facilities and expertise available to visiting scientists from all over the world.

If you would like to:

- Contribute to the development of scientific research
- Participate in the implementation of advanced technology projects
- Work in an international context while living in an area of outstanding beauty...([tourist info](#), [photos](#))

then come and join us for a work placement of 2 to 6 months. Whilst most of the placements are scientific in content, there are also opportunities in other fields (computing, engineering communication,).

Have a look at our placement opportunities on our website:
