Bonus rule: status on July 10, 2017

Below is a list of the students that satisfy **both** of these conditions:

1. They have registered for the exam that will take place on July 31, 2017;
2. They are currently, after 8 tutorial sessions have taken place, on track to obtain the bonus of 0.3 points, according to the rules stated on the course webpage. Notice that this assumes that you will continue solving the problems, and come to the remaining tutorials; the bonus will be assigned only if this happens.
